

ANÚNCIO DE VAGA

The United Nations Development Programme in Mozambique is recruiting two consultants, (1) international, (1) national to conduct a end of project evaluation of the UNDP project “**Strengthening local Risk Management and Mainstreaming Disaster Risk Reduction**” 2008-2011

- **Location:** Home Based, with travel to Mozambique
- **Application Deadline:** 2 September 2011
- **Type of Contract:** Individual Contract
- **Post Level:** (1) International Consultant (1) National consultant
- **Languages Required:** English and Portuguese
- **Starting Date:** 19 September 2011
- **Duration of Initial Contract:** 25 days (international consultant) 21 days (national consultant)

This above-mentioned project represents the UNDP contribution to the Joint Programme for Strengthening Disaster Risk Reduction and Emergency Preparedness in Mozambique, approved by the UN Country Team, under the “Delivering as One” United Nations Framework in Mozambique, and developed in recognition that disaster preparedness, mitigation and risk reduction, as well as vulnerability reduction, are fundamental factors contributing to development in Mozambique, a country that is affected by frequent natural disasters. The overall goal of the Programme was to build on the 10 year plan to strengthen national capacities and institutional frameworks and systems at all level to reduce the risk of disasters and mitigate their impacts on the vulnerable populations in the country. In accordance with UNDP programme procedures, the Government of Mozambique and UNDP have agreed to undertake an evaluation of the DRR project 2008-11 to assess the project’s implementation in Mozambique, in terms of its efficiency, effectiveness, appropriateness, relevance, impact and sustainability

Principal functions

The consultants will be expected to prepare and present the following set of deliverables

1. Inception report.
2. Draft DRR Project evaluation report.
3. Final project evaluation report, to include
 - An assessment of the progress in achieving the project outcomes and outputs and their contributions to and associated impact on UNDAF outputs and outcomes and, importantly, national development and DRR priorities;
 - Documentation of best practices and challenges encountered in the implementation of the DRR project, including an assessment of the appropriateness of the project’s implementation arrangements;
 - An assessment of present and emerging national development and DRR priorities and how the project can be better positioned to respond to these priorities.

Requirements

Note: The international consultant will lead the evaluation, and the national consultant will provide necessary support.

International Consultant

1. Relevant advanced university degree or first level degree combined with 10 years of progressive experience in the area of Disaster Risk Reduction
2. 7 years of progressively responsible positions;
3. Extensive experience in implementation of donor funded projects;
4. Experience in evaluation of projects (experience with evaluation of DRR, especially UNDP led DRR projects would be a distinct advantage)
5. Adequate experience in working in multi-cultural environments, with senior Government officials as well as civil society organizations;
6. Good command of written and spoken English, Portuguese a distinct advantage.

The **national consultant**, in addition to points 3, 4 and 5 above should be able to demonstrate:

1. Relevant advanced university degree or first level degree combined with at least 5 years of progressive experience in the area of Disaster Risk Reduction
2. 5 years of progressively responsible positions;
3. Fluency in Portuguese with good command of spoken and written English

Candidates should forward the following to orlando.baguandji@undp.org, or send to UNDP Mozambique - Procurement unit, Av.Kenneth Kaunda, 931 –Att.: Mr. Goneshell Masendeke, submitting the following documentation:

- Updated CV
- Financial and technical proposal for the consultancy, based on the terms of reference.

Note: Individual applications are welcome, but joint submissions from a team consisting of 1 international and 1 national consultant (joint technical and financial proposal) will also be considered.

UNDP encourages applications from women candidates
